## ALPACA THROWS BENEFITS

### ENVIRONMENTALLY FRIENDLY

Our alpaca wool comes direct from Peru and is processed under eco-friendly conditions.

### PERFECT TEMPERATURE

The structure of alpaca wool is both breathable and flexible, allowing it to adapt to the body's temperature perfectly.

### ANTIBACTERIAL

The keratin in alpaca wool fibers allows bacteria to be effectively suppressed.

### HYPOALLERGENIC

Alpaca wool is considered hypoallergenic, as unlike sheep's wool it does not contain lanolin.

### FIREPROOF

Alpaca wool was awarded 1st Class in the US CPS Commissions Rating and is considered non-flammable.

### ANIMAL-FRIENDLY

All alpacas are reared in their natural habitat and the wool is consciously shorn in an animal-friendly way.
